Chad Wagner - Owner

Chad has always been a rental guy. It happens when your grandfather and father precede you in the business, but there was an 11 year career in the high school math classroom that intervened before Chad came into the family rental business full-time. With a continuous eye for detail and a meticulous commitment to excellence, Chad ensures that our products are expertly installed and clean enough to sparkle in the sunshine. Contact Chad to schedule a site visit to discover the endless possibilities for your next event.
